

SAFETY DATA SHEET

Product name: CRETEBEATER - CONCRETE REMOVER

Page: 1/4

Prepared: 2015-09-13

Print date: 2015-09-13

SDS-ID: DK/2.0

1. IDENTIFICATION OF THE SUBSTANCE/MATERIAL AND THE SUPPLIER

Product name: Cretebeater

Use: Concrete remover

Packaging: 20, 200 and 1000 l plastic container

Supplier: Addax International Ltd

Unit 1, Wren Park Business Centre

Hitchin Road, Shefford, Bedfordshire, SG17 5JD, UK

Phone +44 (0)207 099 6270

Contact person: Mr Erik Kjeldsen

2. COMPOSITION/INFORMATION CONCERNING MATERIAL CONTENTS

Does not contain substances that must be specified under current rules.

3. HAZARD IDENTIFICATION

The product has not been classified.

Humans: Can irritate the eyes and skin. Droplets can irritate air passages and cause coughing and difficulty breathing

4. FIRST AID MEASURES

Breathing: Take the person out into fresh air and keep them calm and under observation. In the event of discomfort go to the accident and emergency department.

9. PHYSICAL-CHEMICAL PROPERTIES

Appearance:	Amber-coloured liquid.
Odour:	brown sugar
pH	5.1 – 5.5
Boiling point	100°C
Flash point	Not applicable.
Explosion limits	Not applicable.
Vapour pressure	Not stated.
Relative density	1.11.
Solubility	Fully in water.

10. STABILITY AND REACTIVITY

<u>Stability:</u>	Stable under normal temperature conditions.
<u>States/materials to be avoided</u>	Highly oxidised substances. Strong alkaline substances.
<u>Hazardous breakdown products</u>	None under normal conditions

11. TOXICOLOGICAL INFORMATION (PROPERTIES HAZARDOUS TO HUMAN HEALTH)

<u>Inhalation:</u>	Droplets irritate air passages and can cause coughing and breathing difficulties.
<u>Skin contact:</u>	Can cause discomfort.
<u>Eye contact:</u>	Can cause discomfort, and redness and stinging sensations can develop.
<u>Ingestion:</u>	Can cause discomfort, and cause stomach pains, vomiting and diarrhoea.
<u>Long-term effects:</u>	None known.

12. ENVIRONMENTAL INFORMATION

<u>Mobility:</u>	The product is soluble in water and can be spread in an aquatic environment.
<u>Degradability:</u>	The product is easily biologically degradable.
<u>Ecotoxicity:</u>	The ecotoxicity of the product is not stated.
<u>Other harmful effects:</u>	None known.

13. DISPOSAL

Spills and residue should be disposed of in accordance with municipal waste regulations and can be put into landfill.

Waste in the form of residue: EAK code 17 09 04

14. TRANSPORT INFORMATION

Not covered by the international rules concerning transport of hazardous goods (IMDG, IATA, ADR/RID).

15. INFORMATION CONCERNING REGULATIONS

Hazard labelling:

On the basis of the manufacturer's information concerning the chemical composition, the product is not covered by the rules concerning classification. There is however a requirement that the product be furnished with the following labelling:

Avoid contact with the skin and eyes.

If the substance comes into contact with the eyes, immediately rinse thoroughly with water and contact a doctor.

National regulations:

The Danish Ministry of the Environment's Executive Order No. 329 of 16 May 2002 concerning the classification, packaging, labelling, sales and storage of chemical substances and products.
The Danish Working Environment Authority's Executive Order No. 292 of 26 April 2001 concerning work with substances and materials (chemical agents).
The Danish Ministry of Employment's Executive Order No. 559 of 4 July 2002 concerning special obligations for producers, suppliers and importers, etc. of substances and materials pursuant to the Danish Working Environment Act with amendments.
The Danish Ministry of the Environment's Executive Order No. 619 of 27 June 2000 concerning waste with amendments.

16. OTHER INFORMATION

The user must have been instructed in the execution of the work and be familiar with the content of this safety data sheet.

The following points have been revised or contain new information: 15.

The information in this safety data sheet is based upon information in our possession on the date of its preparation and is given under the precondition that the product be used under the specified conditions and in accordance with the manner of use specified on the packaging or in relevant technical literature. Any other use of the product, possibly in combination with other products or processes, occurs at the user's own liability.
